

PRELIMINARY(!)

PROGRAM

IFFR Section Germany/Austria Meeting in KITZBÜHEL September 1st to 4th, 2016

Our Autumn Meeting 2016 will take place in and around Kitzbühel. The Motto for will be

„Up in the Air“

Our program will offer various possibilities to leave solid ground!

The Town: Kitzbühel, site of an IFFR meeting more than ten years ago, is a renowned touristic center not only for winter sports, but also during summer. In its history, it was frequently part of Bavaria, but since 1504 it permanently belonged to Austria, with the exception of a short time between 1805 and the Viennese Congress, when, after the battle of Austerlitz, the Peace of Pressburg put it under Napoleonic / Bavarian rule for a time.

Kitzbühel lies in the Kitzbüheler Alps, between Wilder Kaiser and Kitzbüheler Horn.

The Weather

According to the time of the year: Mild, but changeable. Something weatherproof might be indicated. However: the probability for rain in September is not very high...

Thursday, September 1st, 2016 - Arrival

Our destination airfield, as in 2005, will be **Sankt Johann (LOIJ)**. We should land before **13 hrs. LT**, to have enough time for **a Lunch Buffet in the Fliegerstüberl** at the airfield. Around **1500 hrs, the bus will leave for our hotel**, where we will check in around 1530 hrs. In case of bad weather, **Salzburg Airport (LOWS)**, 80 kms distant, is available for IFR approaches. In this case, we will organize a transport. Airline services exist both to Salzburg and Innsbruck, about the same distance away.

The Hotel

We will stay at the **Hotel Rasmushof**
Hermann Reisch Weg 15
A-6370 Kitzbühel. (www.rasmushof.at)
A room contingent has been reserved.
Individual **bookings should be made by 31st July, 2016**, the contingent will expire thereafter!

Rates by room and day including breakfast:

Single occupancy € 111,--
Double room € 211,-- (plus
€ 1,80 Local Tax / day, Suites and De-Luxe rooms available – extra charges!)

Bookings directly with the Hotel, code: IFFR

Telephone: +43 5356 65252-0 or E-Mail: info@rasmushof.at

1900 hrs: Dinner at the hotel

We will have our aperitif and dinner in comfort at our residence. At this occasion, **the time schedule for the various activities of the coming two days will have to be coordinated!**

Following activities will be possible:

Tandem – Skydiving, Tandem Paragliding, Glider flying (double seater), Flying Fox and Climbing Crag!

All times will need to be coordinated ad hoc (Weather, Transport-Logistics etc.)! Costs of the individual activities are not included in the participant's fee; they must be paid extra at the respective sites!

For our planning, we urgently need information in which activities you are interested! (See last page!)

The List of Activities:

Flying Fox XXL: The Flying Fox XXL, with 1.600 Meters length and a possible maximum speed of 130 km/h is one of the longest and fastest steel cable slides of the world. Maximum height above ground during the trip is 143 Meters and will guarantee a spectacular view. We will shuttle the participants to the lower terminal of the Leoganger Bergbahnen cable car in Hütten near Leogang. From there, the cable car will take you to the starting point. The Flying Fox people will provide transport from the „landing“ point back to the lower terminal.

Price: € 79,- for grownups, € 59,- for children. **Info:** www.flying-fox-xxl.at

Hochseilgarten Hornpark (Climbing Crag):

This is one of the most spectacular institutions of its kind. We will take participants to the lower terminal of the Bergbahnen Sankt Johann cable car. The Hornpark reception is right next to the upper terminal; every participant will be instructed separately.

Price: ca. € 30,- plus cable car fare (Summer prices not fixed yet)

Info: www.hornpark.at

Tandem – Skydiving

For years, **Freddy Hofmeier** and his Despina (die Fallschirm – Profis) and **Hermann Naschberger** (the pilot) have been fixed assets of Sankt Johann airfield. Freddy has done over 90.000 jumps, Hermann has spent more than 3000 hrs. at the controls of his C182. No more beautiful setting for a tandem skydive can be imagined! Half a minute of free fall can be expected, followed by a smooth glide back to our airfield.

Preis: € 249,- **Info:** www.bestfallschirm.com

Ballooning:

Again: our region amidst the Kitzbühel Alps provides one of the most beautiful settings for a ballooning trip. The team around **Walter Seibl and Irmgard Moser** is one of the most experienced in the Alps. Depending on the number of participants, several balloons of various sizes are available. Active help will be required from all hands for setting up the balloon and for deflating and packing after landing. Depending on the weather, a very early start might be necessary.

Price: Between € 200,- and 240,- per person. Info: www.ballooningtyrol.com

Glider flying in the twin seater:

The Flying Club Sankt Johann is home of some very successful glider pilots. Two of them, **Guido Achleitner and Michael Rass** (Third at the World Championship 2014 in Räyskälä), can be your pilots for glider flights of some 20 to 30 Minutes each. Start modus: Self start (Guido) and towing (Michael).

Prices unknown to date.

Tandem – Paragliding:

Again, we are close to the professionals for this fine sport! **Hervé Chayrou**, member of our Flyers Club and head of the Mountain High Adventure Center will be your contact for a tandem flight off the Kitzbühler Horn or another suitable location. After an explanation of theory and aerodynamics of paragliding, a chair lift or cable car will take you and your pilot to the starting point for a flight of about 1000 Meters altitude difference.

Price: € 120,- including lift ticket. Info.: www.mountain-high.at

Friday, September 2nd, 2016

Breakfast in our hotel - thereafter, the logistics challenge will begin! According to the time schedule prepared yesterday, participants will be taken to the respective starting points for their activities. Those who have not chosen one of the possibilities or will have to wait for a later appointment should take the occasion to visit to the center of Kitzbühel, a bare 5 Minutes' walk away. (The same applies to any free time during the coming two days – it's worth it!)

For mornings and afternoons of the coming two days, following destinations will apply:

LOIJ airfield	Leogang / St. Johann Cable Car	Location open
<ul style="list-style-type: none">• Flights• Skydiving	<ul style="list-style-type: none">• Flying Fox• Climbing Crag	<ul style="list-style-type: none">• Balloon• Paraglider

At 1200 hrs. we plan a bus transfer from our hotel to the airfield, where a luncheon snack will be provided for all participants who can return in time from their activities. Return to the hotel in the afternoon.

At 1830 hrs. We will leave our hotel for a short walk through the „Legends Park“ towards the **Restaurant „Streifalm“**, right opposite the valley station of the Hahnenkammbahn cable car. We may expect a **Tyrolean Evening** with some music and of course food and drink. Walk back to our hotel.

Saturday, September 3rd, 2016

Same procedure as yesterday; Exception: At about **1100 hrs.** a bus will take all those who are not away for some activities to the **National Park Center Hohe Tauern**, (www.nationalparkzentrum.at) where even our more earthbound friends will have the opportunity to leave solid ground at least virtually: from the perspective of an eagle, a flight across the Tauern National Park will provide spectacular impressions. Several more stations provide more insights into the world of this National Park. After our visit, we will have a light lunch in the nearby restaurant Bräu Rupp.

At 1830 hrs. Aperitif and dinner again in our hotel.

Sunday, September 4th, 2016

Everything must end sometime, our meeting being no exception. At **900 hrs.** the bus will take us to the airfield for individual departures. For those who landed in Salzburg, we will provide transport.

Perticipant`s Fee

We will arrange to pay landing and stationing fees for our planes out of the budget to avoid delay for the departures. For this and all food, aperitifs, non alcoholic beverages, coffe, transport we have calculated a participant`s fee of **280 €**. Please remit before July 31st to the following account:

Konto Nr.: 438 7155
VR - Bank Flensburg – Schleswig
BLZ: 216 617 19
IBAN: DE67 2166 1719 0004 3871 55
BIC (SWIFT): GENODEF1RSL

Please note: The complex transport procedures and the various time schedules will make it impossible to provide a uniform relation between participant`s fees and individual benefits received. We beg your understanding for this.

Preliminary Information:

To help us in our planning, we need to know which activities you would like to join.

Please mail your preference to the E-Mail address: g.hayn@chemomedica.at

After we will have finalized the program, we will again ask all registered participants for their preferences, because at this time we will need more exact figures!

We are looking forward to another enjoyable meeting with old and new friends!
