

IFFR Section Germany / Austria - Meeting in KITZBUEHEL 1- 4 September, 2016 – second call!

Dear Friends,

time is moving on and the number of registrations for our autumn meeting in Kitzbuehel is uncommonly low until now. Should the number of participants stay below 50, we would have to make some changes to our pre – reservations with the hotel and restaurants.

Possibly, the unusual activities offered might have deterred some of you. Of course there are numerous alternatives, also in case of bad weather; for example, the Kitzbuehel Wine Festival will take place on the afternoons of Friday and Saturday, with the participation of Austria's top winemakers. As always, our focus is the contact with old and new friends; even just watching the glider operations and the skydiving from the terrace of our beautiful airfield is entertaining!

About the various activities: I tried almost all of them and my advice is: don't let pass the rare opportunity to find them all in one place! (Right: Tandem – Parachuting with Freddy!)

Possibly, the new registration system might be a problem, in this case, a formless mail to Ingo Neufert or myself will suffice, Ingo or I will enter you into the registration list! These are the E-Mail – Addresses:

g.hayn@chemomedica.at und neufert@maringo.de

For any enquiries, I can always be reached by telephone:

+ 43 664 20 60 490

Our Team and self are looking forward to seeing you in Kitzbuehel / Sankt Johann! Until then: Many Happy Landings!

Guenther Hayn
President German/Austrian

Section
